THIS CATALOGUE features books which reprint stories from the heyday of the pulp magazines (printed on cheap newsprint – hence “pulp”) in the 1930s and 40s, and several books about them. They are from the collection of Graeme Flanagan and are in very good/near mint condition. Most are in a larger paperback format; hardcovers are so noted.

The Pulp Magazine Project <http://www.pulpmags.org/> has many cover images and general information about the pulps
